

CINDERELLA PHOTOS

Pageant Photography for Over 20 Years

As the official photographer of the Tennessee / North Carolina State Pageant for over 20 years, I am excited to be returning to Dallas in 2023 to shoot the Cinderella International Scholarship Pageant. I say "returning" because I was part of the team of photographers who shot back in the mid-2000s til 2016 in both Las Vegas and Dallas.

To capture the excitement of the moment throughout the pageant, we will be shooting stage action as well as posed. EVERY girl will be photographed while on stage and we ask that EVERY contestant stop by our Photo Studio located next to the Cinderella Gift Shop on the 2nd floor for posed shots for each category. By the end of the week, EVERY individual will have a nice selection of images from which to choose for prints or sharing online.

All of our digital photos are high resolution images that are suitable for scrapbooking, photogenic entries, printing for family and friends, posting to Facebook, Instagram and other social networks, and any other non-commercial use. A digital image print release is given to allow you to print at home or photo lab of your choice.
